- Graduated in 2024

Web Application Development
- Graduated in 2023

Technician in Microcomputer Systems and Networks
- Graduated in 2021

EXPERIENCE

IT Technician (N2)
02/2025 | Inelcom
- Currently, I work as an IT technician for the SAI in the Valencian Community, providing support for the Conselleria's IT systems. I am responsible for the installation and maintenance of corporate software, incident resolution, network configuration, and user support. I also perform equipment maintenance tasks, implement IT security measures, and manage the inventory of IT equipment.

Full Stack Developer
01/2024 – 06/2024 | Pylon Data
- In my role as a Full Stack Developer at Pylon Data, I was responsible for maintaining and troubleshooting the platform, developing automations to transfer data from APIs to Google Sheets documents, designing custom metrics using Looker Studio, and participating in the creation and implementation of new features to improve the platform and meet user needs.

Web Developer
09/2022 – 06/2023 | Empatica.net
- In my role as a developer at Empatica.net, I was responsible for maintaining and troubleshooting the platform, as well as creating and implementing new features to improve its performance and adapt it to user needs.

Web Designer
02/2021 – 06/2021 | Estudio Web Doce
- In my role as a web designer at Estudio Web Doce, I was responsible for designing pages in WordPress, editing images using Photoshop and Gimp, and migrating products from WordPress to PrestaShop, ensuring an efficient process and high-quality results.
